

A man with short brown hair and blue eyes, wearing a black polo shirt with red accents and a 'DOMINATOR' logo, stands with his arms crossed in front of a blue roller door. The door is set into a brick wall under a corrugated metal roof. The background shows a clear blue sky with some clouds.

DOMINATOR®

Roller Doors

Protection Starts Here.

Tough garage doors, providing protection, 24/7.

Choosing a Dominator garage door is easy

Follow our easy 3 step process to getting the garage door you need:

- 1 Site Measure** Call your local dealer and we'll come to you for a free site measure and quote. Phone 0800 DOMINATOR (366 462).
- 2 Style and Colour** Consult with your dealer or visit www.dominator.co.nz to find out all the available options, including colour, style, finish, opener and accessories.
- 3 Installation** We'll advise you on manufacturing lead times, and make sure we deliver your garage door on time. Your dealer will book in a time to install and demonstrate your new garage door and opener.

Why you should buy a Dominator garage door

We're New Zealand's most recognised garage door brand, which is not surprising really, as we pride ourselves on always being local, with over 30 dedicated Dominator dealers across New Zealand.

Backed by the highest levels of customer service and support, all of our dealers undergo extensive training in all aspects of our products, including installation and maintenance procedures. In addition, we provide on-going support around product knowledge, industry standards and customer service.

When it comes to protecting your assets and family, you can't buy better than a Dominator garage door. Hardwearing, durable and tough, with built-in peace of mind.

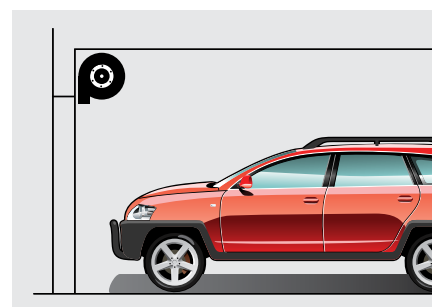

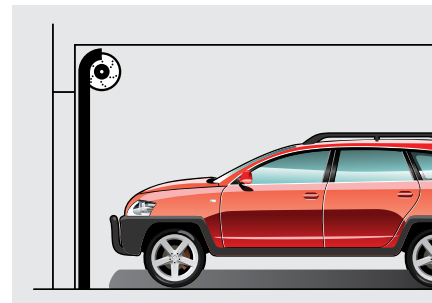

Dominator Roller Doors

Dominator Roller Doors are manufactured to customers opening dimensions. We build your door to fit your requirements, rather than making your plans conform to standard sized doors.

Our carefully researched spring formula and precision manufacture combine to provide perfect balance for easy, smooth operation with minimal maintenance.

Use of space is maximised by the vertical operation of the Roller Door which means you can park right up to it without worry of damage to your vehicle when the door is operated. Inside the garage, you can make maximum use of ceiling space.

All Dominator Roller Doors are supported in side tracks which combined with vertical operation, provide for greater safety. Your door won't unexpectedly blow open or shut, drop or swing.

An extensive colour range

When it comes to finish and colour, choose from Zinalume® or a pre-painted finish from our standard colour range.

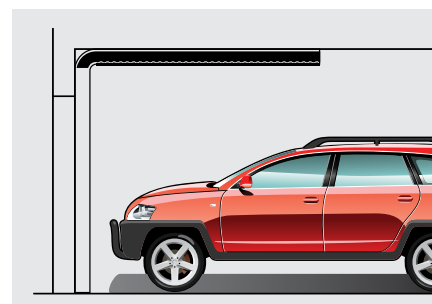

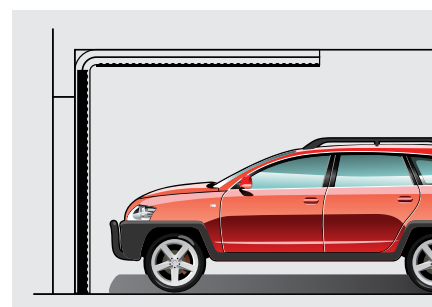

Dominator Flex-A-Door

A new type of Roller Door

The same tried and tested quality Roller Door curtain is used in a whole new way. With additional components, the Flex-A-Door effortlessly glides up and back along your ceiling in one easy motion.

Designed as a safer more reliable Tilt Door replacement, the Flex-A-Door can fit into places that previously only a Tilt Door could and with no outswing when opening, and springs that are safely concealed in the horizontal tracks away from little fingers.

Ever noticed the gap at the top of your door? Well, we've taken care of that too with a 'Retractable Infill Panel,' purpose designed to cut down on draughts, while still allowing the maximum drive-through height when the door is open.

Dominator® Roller Door Series A

Smooth, quiet and rugged

The stylish yet subdued fine-line ribbed pattern compliments virtually any house style – from contemporary to traditional – smooth-wall, weather board, brick or stone.

Experience the functional advantages, like the smooth, quiet operation and the maximum use of the space, both on your driveway and inside your garage.

Features include:

- Smooth and quiet
- Easy to operate
- Manufactured to a durable time tested design
- Operated with a push button via a GDO-6 opener
- Range consists of 17 colours made from COLORSTEEL®

Dominator® EasyRoller GDO-6

A powerful opener

The Dominator EasyRoller is a slim and reliable Rolling Door opener which features the power to effortlessly operate the majority of residential Rolling Doors with the highest level of opener security in New Zealand*

Features include:

- Ultra compact design, it can be installed in almost any space
- Powerful yet quiet 600N motor
- Long lasting LED courtesy lights
- Soft start and stop to reduce door stress

Featuring
TriCode™
Technology

*Based on the number of possible code combinations compared to other products on the market.

Dominator[®] Flex-A-Door

Clever space saving

The unique Dominator Flex-A-Door is the perfect alternative when you are looking to replace your existing Tilt Door, or in situations where you have restricted headroom in your garage or carport.

The Flex-A-Door features the famous Dominator Roller Door curtain, fitted on a curving track, so the curtain lifts from a vertical position up into a horizontal position, close to the ceiling – providing a clean, neat appearance on both the outside and inside.

Features include:

- Springs safely concealed
- Draughts reduced with retractable infill panel
- Push button operation with a GDO-11 opener
- Easy operation
- Innovative new design
- Made from COLORSTEEL[®]
- Smooth and quiet
- Range consists of 17 colours made from COLORSTEEL[®]

Dominator[®] ERO GDO-11

Automation made easy

The Ero is the perfect Flex-A-Door companion and has been designed to make your garage automation easy. It offers a cutting edge garage opener at an economical price and the highest level of Opener Security in New Zealand*

Features include:

- Smooth and efficient 650N DC motor
- Soft start and stop to reduce door stress
- Automatic courtesy light

Featuring
TriCode[™]
Technology

*Based on the number of possible code combinations compared to other products on the market.

Upgrades and optional extras

Entry Key Pad

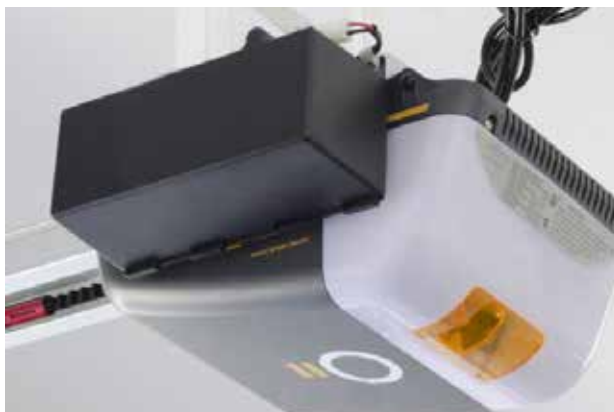

This keypad allows entry to the garage without a remote transmitter. Ideal for households with children, simply give the kids a PIN to enter the house rather than giving them a key or transmitter.

Safety Beams

If you have young children or pets, infra-red beams provide added safety and security.

If the beam is broken while the door is closing, the door will automatically stop and reverse. Dominator strongly recommends the use of safety infra-red beams on all automatic garage doors.

Rechargeable Battery Backup

In the event of a blackout or other break to the power supply, the opener will still be operational with a rechargeable battery backup.

Emergency Key Release

Allows your garage door to be disengaged and operated manually from outside when there is no other access to the garage.

Dominator colour chart

Dominator Roller Garage Doors are available in the following colours:

	Zincalume®	Titania	Smooth Cream	Desert Sand	Shale/Gull Grey	Sandstone Grey	Grey Friars	Mist Green	Permanent Green	Karaka	Ironsand	Flaxpod	Pioneer Red	Scoria	Lignite	New Denim Blue	Windsor Grey	Ebony

Flex-A-Door		✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓

The colours in this gallery are intended as a guide only. Image editing procedures used in this brochure may also result in the colour of products not being a true representation of those actually available. If colour selection is critical please request a steel colour sample from your local Dominator dealer. Please make contact with your Dominator dealer for advice and samples. Dominator reserves the right to change/delete colours without notice.

Tough and stylish steel

When it comes to manufacturing our garage doors, we only use the best materials. All of our pre-painted steel is made for New Zealand conditions. Dominator garage doors are made from COLORSTEEL® which provides excellent colour performance and scratch resistance.

NEW

Smart phone control kit

DOMINATOR[®]
ADVANCED GARAGE DOOR SYSTEMS

Citywide Doors

PH. (03) 352 8005 WWW.CITYWIDEDOORS.CO.NZ

Each Dominator door is custom-built to fit your garage perfectly. For more details on this product or our other ranges call 0800 366 462 or visit www.dominator.co.nz

a) *Rolling and Flex-A-Door doors, in normal residential use, are covered by a 5 year warranty for steel door curtain, 12 months on surface coating, locking mechanism and all other components and all associated labour; conditional on proper care guidelines. Full details of the warranty and care guidelines are available from www.dominator.co.nz Warranty only applies to doors purchased and installed in New Zealand. Warranty only valid if warranty conditions are met.

b) For areas within one kilometre of a corrosive environment eg. salt air or industrial fallout, special care and maintenance are generally required for metal products. Consult your Dominator Accredited Dealer for advice.

c) The company reserves the right to make changes or improvements to the products or accessories without notice and without incurring any obligation to make similar changes or improvements to goods previously ordered. Specifications subject to change without notice.

d) While New Zealand Steel Limited is our preferred supplier, steel products from other sources may also be used.

e) Details correct at date of publication.

As with all types of garage doors, for optimal trouble free performance and safety, we recommend you have your door serviced annually.
